

**Course: IT4403E**  
**Semester: 20232**

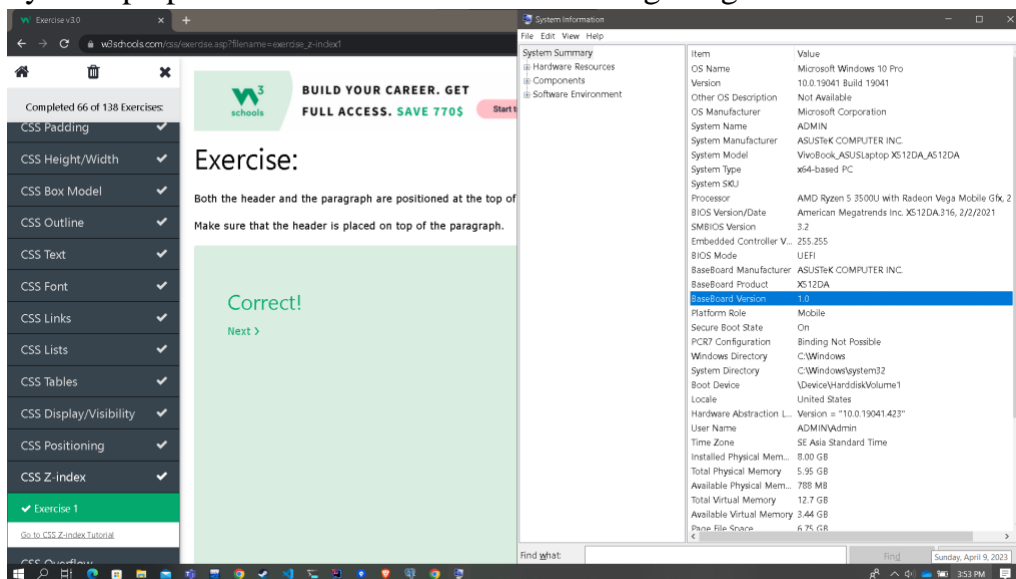

## EXERCISES

### Week 2. CSS

**Ex 1.** [https://www.w3schools.com/css/exercise.asp?filename=exercise\\_selectors1](https://www.w3schools.com/css/exercise.asp?filename=exercise_selectors1)

Complete exercises from Selectors section to Z-index section.

**Submit:** an image showing that you have completed these exercises. The image needs contain your laptop information such as the following image.

**Ex 2.** Create your personal page which looks like the image below.

Notes:

- Except for personal images and correct information below your image, you can use wrong information for other content.
- You do not need to create content for other tabs such as Quyết định, Khen thưởng, etc.
- You can use two arbitrary charts

Submit: source code
